

GUIDE TO ASGA WORKSHOPS

2023 ADVISORS CONFERENCE

How do you choose which workshops to attend? Look for these icons on the conference schedule to decide which workshops will best meet your needs.

Organization Effectiveness

Whether you are a newly established, struggling, or high performing SG, organizational effectiveness is an essential aspect to your fulfilling your mission and established goals. These sessions are designed to set your SG up for success with tools. If your SG identifies this as a potential issue, do yourselves and your student body a favor-- ensure that someone from your delegation attends any of the sessions with this icon.

L *From Vision to Reality: How to Achieve Your SG Goals* – Suzette Walden Cole, Ph.D.

Structures and Systems

The operations of any SG are regulated by the structures and systems in place. If your SG is not performing as effectively as it should, then we encourage you to assess whether those structures and systems are an obstacle in achieving your goals. If your SG identifies this as a potential issue, you should ensure that someone from your delegation attends any of the sessions with this icon.

Training & Development

New leaders cycle into SG every year, and in some instances, multiple times a year, so quality training and development of your SG officers and legislators is essential. If not everyone is on the same page, or functioning with the same information, it will drastically impact your operations. If your SG struggles in this area, be sure that someone from your delegation attends any of the sessions with this icon.

F *Moving On: Tips to Avoid the "Terrible Turnover"* – Suzette Walden Cole, Ph.D.
